

PIPELINES / CONSTRUCTION / REFINISH
COATING & CHEMICAL SOLUTIONS

March 2017 - NEWS RELEASE

This is to advise that from April 1st 2017 a new company trading as “Crest Cormix Pty Ltd” will effectively take over the trading activities of “Crest Coatings (Australia) Pty Ltd”.

Brian Holloway (formerly of Crest Coatings Australia Pty Ltd), is the new Managing Director of “Crest Cormix Pty Ltd” and the primary shareholder of this new business. Rod Hines the current Director of Crest Coatings (Australia) Pty Ltd still maintains a financial interest in the new company, but is retiring from the industry after a successful 50 years in the pipeline coating industry.

Crest Coatings (Australia) Pty Ltd will progressively phase out its activities. The new company “Crest Cormix Pty Ltd” will operate at the same Epping, VIC address. All phone, fax and mobile numbers remain unchanged.

Crest Cormix Pty Ltd will continue to sell and market its pipeline Anti Corrosion products provided by Seal for Life (Polyken, Powercrete and Covalence Heat Shrink Sleeves) as well as Deepwater I-Rod/Nu Bolt pipe supports and the growing range of MT Protective Adhesive Films out of Eastern Europe.

Crest Cormix Pty Ltd will have a new dedicated team, extending activities into construction, underground engineering and waterproofing markets (with Cormix International). We are also excited to offer a newly established Refinish & Industrial coating division, offering globally recognized commercial/ auto refinish and industrial coating solutions.

Crest Cormix recognizes the support provided by our diverse client base and assures continued commitment with globally recognized coating and construction solutions.

Signed;

A handwritten signature in black ink, appearing to read 'Brian Holloway', is written over a horizontal line.
